TEDDY HOPS ON WAR SECRETARY

[By United Press] ALBUQUERQUE, N. M., Oct. 23.—Colonel Roosevelt in his speech here today vitriolically attacked Secretary Baker's alleged comparison of

American troops with those of the Carranzistas and he also scored President Wilson's appointment of Baker, who is reported by the newspapers as a pacifist.

MACKENSEN MAKES ONE OF MOST IMPORTANT CAPTURES OF WAR

Takes City of Constana and Disastrous Routs Slavs--Conquest Cuts Off Reinforcements Via the Black Sea--Rumanians Are Now In Retreat

[By United Press] BERLIN, Oct. 23.—General Mackensen captured Constanza this afternoon. Military critics say this is more important than all the Allied gains on the Somme and indicates that the Slavs were disastrously routed and a twelve mile advance from Tuzla has been made in two days. The Russians have been sending troops' supplies to Rumania

through Constanza. The capture cuts off all reinforcements via the Black Sea. The Teutons are not advancing to capture the remainder of the Constanza-Cernavoda railroad.

Violent Fighting Continues

[By United Press] BUCHAREST, Oct. 23.—Violent fighting continues near Constanza and South Cernavoda. The Rumanians are retreating.

Senator Newlands at Verdi Tells of Accomplishments of Administration

The Appeal regrets that it has lacked the space to publish in entirety Senator Newlands' comprehensive speech at Verdi. In previous issues it has given extracts from his review of the candidates and the legislative record of the Democratic party, as well as President Wilson's conduct of our affairs in relation to the international war in Europe and the Civil War in Mexico.

The Threatened Industrial War

Mr. Newlands also dwelt at length upon Mr. Wilson's action regarding the threatened industrial war in our own country, growing out of the proposed railroad strike, which, he said, promised to be of vast proportions, surpassing anything heretofore experienced, and involving a general paralysis of transportation, with its attendant evils of diminished production, unemployment, unsupplied markets, starvation, and general distress. Such a war, he said, if carried to its logical result, meant violence and disorder of every kind on the part of the turbulent elements of society outside of the parties to the controversy and their final suppression by military force. Here again, as in the case of the European and Mexican complications, the President's action was on the line of substituting reason for force in the adjustment of industrial disputes.

Existing Laws Inadequate

Whilst the attention of our statesmen had been fixed upon the creation of tribunals for the settlement of inter-

national disputes and the elimination of force, we had neglected the field of domestic labor disputes likely to be equally disastrous, and had made no provision beyond voluntary mediation and arbitration, and where these failed there was no solution except resort to force.

The Eight-Hour Principle

The railroad employees were bent upon the extension of the eight-hour principle to their employment, not by arbitrarily limiting the day's labor to eight hours, which, owing to the nature of the employment might be often impracticable, but by granting the same pay for eight hours as had been paid for ten hours, or a hundred-mile run, and exacting a penalty of fifty per cent additional for overtime. This demand was in accord with the universal custom that where an industry was adapted to the eight-hour principle, it was without diminution of the day's wage, the argument being that increased efficiency would make up the difference. The railway brotherhoods refused to submit this question to arbitration and a strike was pending when the President intervened immediately after the failure of the usual methods of mediation and conciliation.

The President's Action

The immediate question then was not whether the one or the other party was unreasonable, but whether a great public calamity should be prevented, and

Democratic Speakers to Address Carson People at Grand Tonight

After having large, enthusiastic and successful meetings at Yerington and Gardnerville, at which latter place they spent most of yesterday, the Democratic candidates, consisting of Senator Pittman, Ed Caine nominee for congress, and William Kennett, for clerk of the Supreme court, arrived in Carson last evening. Judge Sanders remained over in the valley and came on to this city today. Mrs. Pittman, Senator Newlands, Melvin Jepson and Mrs. George of Sparks, who has been in charge of the organization of Democratic clubs throughout the state, also accompanied the party.

In interviews with members of the party they all state that their meetings everywhere have been enthusiastic and from the interest taken and

predictions made they believe that success awaits the whole Democratic ticket on election day. Wilson, they claim, will carry Nevada anywhere from 3,000 to 4,000, and the rest of the candidates by pluralities or majorities running from 1,000 up.

The women of the state, in particular, are for the president because of his policies. They appreciate his efforts in keeping the country out of war and they are not in sympathy with the efforts of the so-called Woman's party.

At the meeting this evening at the Grand theater the people of Carson and vicinity will have the first opportunity so far in the campaign to hear the candidates on the Democratic ticket discuss the issues. Senator Pittman will be the principal

Smith, secretary, must serve eighteen months in San Quentin, pay a fine of \$5,000; F. C. Mills must serve eighteen months and E. Elmeyer a year in the Alameda county jail. Wilson and Pittman a Cinch, Says Man Who Has Been All Over State

RENO, Oct. 23.—After a trip over the entire state on business interests, during which he has talked to hundreds of people, Henry Ritter, of the Reno Brewing company, has returned to this city an ardent Wilson advocate and Democratic supporter all down the line.

"Wilson and Pittman are a cinch," "from every possible deduction I can make after hearing the sentiments expressed in the many towns I have visited. The people just can't see Hughes, and as far as Pittman is concerned, I think he has a walk-away."

"Better than that however, I have made a bet that Washoe county will go Democratic, and that has been considered as biting off a big chunk. The Democratic lineup as regards the local candidates is a strong one and could hardly be improved. This fact taken with the strong popularity which Wilson has developed should carry the whole ticket to victory."

"Anne Martin was well received in Tuscarora, but her Ely meeting was an entire frost, to put it mildly. As near as I have been able to judge,

speaker and he will discuss the Pittman land grant bill in all its phases. So much has been said about this bill and so many misstatements made that an explanation by its author of its merits, workings and benefits will not only prove interesting but educational."

The Carson band will furnish music and the people are requested to come early, as from present indications a packed house will welcome the party. Speaking will commence at 8 o'clock, sharp.

the women are not taking kindly to the attitude of the Woman's party in Nevada, and that their attacks upon Wilson and Pittman are really doing Hughes more harm than good."

Everybody Is Going to Walk In Wilson Day Parade at Reno

RENO, Oct. 23. — "Everybody Walk" is to be the slogan of the Democrats for the Wilson Day parade on October 28th when one of the biggest demonstrations in the history of Washoe county will be pulled off. An old-time torch-light procession, such as was the vogue of twenty-five years ago, is in contemplation, but since torch lights have long since gone out of existence, red fire and probably electricity will furnish the illumination.

Whatever the means adopted, the city is to be all "lit up" on the evening of October 28th, and it is already announced that many out of towners

are planning to make it a point to be here and join in the celebration, incidentally expressing their approval of President Wilson and his policies, as well as the endorsement of Senator Pittman, strong man and supporter of the Wilson program.

Books are open at the Democratic County committee's headquarters in the Gazette building where signatures are being received of those who will voluntarily agree to march in the parade assuring a large enrollment for the big night. Committee men are also signing loyal Democrats on the street and it is said the parade will be one of the largest ever held in Washoe county.

Democratic Women Show Great Interest

RENO, Oct. 23. — Democratic women are taking an active interest in the proposed celebration of Wilson Day on October 28th, in Reno, and assert that they can march just as far as the men. Under the call of Mrs. F. G. Patrick, president of the Wilson-Pittman Woman's club, they are to meet at Democratic county headquarters in the Gazette building at 8 o'clock Tuesday night, October 24th, to perfect arrangements for the big demonstration.

"We don't want automobiles, we want to march," said Mrs. Patrick, when discussing the part the women would take in the parade. "If women are entitled to suffrage they are entitled to walk side by side with the men to express their preference for Woodrow Wilson, and from the responses I have received, I believe the female turnout will be a large one."

Some interesting surprises are said to be under contemplation to make the women's part in the carnival of Wilson enthusiasm a notable one.

Read the Appeal. It's a good habit.

Elko Women Are Strong for Ticket

RENO, Oct. 22.—"I hardly think there is any reason to believe otherwise than that the majority of women of Elko will vote the Democratic ticket," is the message of a prominent women worker in the eastern part of the state who can truthfully be said to have her fingers on the public pulse.

The message comes to the secretary of the Washoe Democratic Central committee and follows recent disturbances in Elko against the visit of Anne Martin and the "Million Dollar Special." It is one very intelligent woman's summary of the situation in eastern Nevada and should serve as a barometer for the women voters of Washoe county.
